

The Missing Link of Empathy

(I Fo

Right – when I do it

Wrong - when others do the same

I just have to pass here.....He skipped the line!  
Go back to where you came from.....I have to escape.  
He could just have slowed down.....He should hold back, dammit!  
She is always late.....I can just manage to drop by Grethe's....  
I want to know where you are! .....She keeps track on my slightest movement.

And where do I enter the picture?.....How greedy he is!  
I'll snatch that one!.....She took the last one!  
That one would fit in perfectly.....He never has enough!  
I just need to own that!.....More wants more!  
If I don't do it, somebody else will.....Some people are so damn reckless!

I'm allowed – but you just aren't!.....I can't decide – I love both of them!  
How hot she is!.....Has she really slept with that idiot?!  
He doesn't understand me.....She doesn't understand me.  
I think, she saw me.....I can't believe my own eyes!  
If only you would listen.....If only you tried to see it from my perspective!  
I just must have her.....I didn't mean to hurt you....

I want one like that, too.....She never begrudges me anything!  
She is always on that phone .....I got a message – wonder who that could be from!  
When is it my turn! .....I really feel that I've deserved it!  
Why not me??? .....Why you?  
He has a lot more than me.....That's so damn unfair!

Where are we at when it harms young children?.....That's really nice – and cheap!  
I love yellow split peas.....He stuffs himself constantly.  
I suppose, I could eat one more.....Has she not had enough already!  
They think I'm so rich.....He's definitely well off!  
What are you telling me? I'll tell you! .....Relax, dude!  
I'm gonna kill him!.....What have I done wrong?

I must revenge my brother.....But I didn't have a choice!  
She really shouldn't have said that!.....Dear me, I didn't mean it that way!  
Well, it isn't an accusation.....She always has to criticize!  
So now you know how it feels!.....It's a total misunderstanding.

I think I'll just go and have a rest.....Why does he never clean up his own mess?!  
I just really can't be bothered to do the dishes.....Why does it always have to be right now!  
And then I also told him.....She talks like a waterfall!  
Tomorrow.....That's what you said yesterday, too.  
I just have to go out for a moment.....She's having a break all the time!
